Mollyockett Day Success--Late Rain Curtails Events

Old Sol surrendered to a cloudy sky at noon and a down-pour forced transfer of the supper to the fire station, but in spite of these adverse weather conditions Mollyockett Day was again a success. The financial results appear in the report of Kimball Ames, Treasurer of the Bethel Health and Service Council.

A new event this year was the hour of children's field events conducted by Mrs. Lippitt and her staff from the N. T. L. Climbing a greased pole and the egg tossing was of special interest and enjoyed as much by the adults who watched as the children who participated.

Stuart Martin again contributed his capable experience as auctioneer and nearly all of the donations were sold. The remaining few items have been turned over to the Health and Service Council by the Locke Mills Legion and will be used when needed. The papoose reservation, directed by Ethel Robertson, was again the center of attraction for the youngsters and was well attended most of the day.

Charlie Farrar did a masterful job of organizing a fine parade, always one of the feature attractions of the day. The Bethel American Legion Color Guard, followed by Barbara and Oakley Godwin on "Colorado" continued on page four—

COMMENTS FROM THE TOWN MANAGER'S OFFICE

The annual surface treatment of streets and highways is being completed this week. In addition to the usual seal treatment where required a one inch mulch has been applied on the Grover Hill Road, beginning at the Lover's Lane intersection and extending 8 of a mile. A penetration coat was applied to the remaining gravel section of the Paradise Hill Road, which now provides a black top highway all the way over the hill. A one inch mulch was also applied on Paradise Hill commencing at the residence of Philip Faudi and extending to the top of the hill.

Following the completion of the surface treatment work this week, the next project will be the laying of the Paradise Street sewer, which starts at Eden Lane and extends to the residence of James Cobb.

Those that have not registered their dog for 1961 will receive a notice to that effect within a few days, requesting payment within ten days from the date of receiving the notice, otherwise those that have not paid will have their names turned over to the dog constable.

Sincerely,
Harold L. Bean

The girl was brought safely ashore by Dixie Lea Brown, 18-year-old Bethel girl, who then attempted to save the father who could not swim. His body was recovered two hours later.

Pipe Line Reconditioning Nearing Completion Here

The 18" main pipe line of the Portland-Montreal Pipe Line System was laid in 1950. This line is 237 miles long from South Portland to Montreal East, Quebec. When the line was laid, based on surveys of soil conditions and other factors that would tend to corrode the pipe, all but about 90 miles of the pipe was coated and wrapped. It was recognized at that time that the pipe would need periodic inspection and if conditions were ever found that indicated development of greater corrosion than expected, it would be necessary to take the line out of the ground, clean it and coat and wrap it. This work is generally referred to in the pipe line industry as "reconditioning" work. Approximately 2.3 miles of the bare 18" main pipe line was reconditioned and coated and wrapped in Vermont in October of 1960.

The first part of May this year work started on reconditioning approximately 43 miles of the 18" line. A little over half of this mileage is in Maine, with slightly more than six miles in a stretch northward from Casco, Maine and the balance extending northwestward from the North Waterford, Maine pumping station. The other half of the mileage lies between Guildhall and Sutton, Vermont. The sections where the work is being done this summer were selected because the operating pressures are higher than in the locations where the remaining 42 miles of bare pipe are located, and reconditioning of the latter is being deferred until some subsequent year.

The work is being done by Oklahoma Pipe Line Contractors of Dallas, Texas who have brought into the area considerable equipment. The first step was the uncovering of the first stretch of pipe with backhoes. Shortly after that was done on May 15th the flow of oil through the 18" line and the adjacent 12" line was stopped and three of the stretches of 18" pipe were cut loose. Then the 12" line was cut and a section of it was connected into the 18" line at each of the three locations to form bypasses around the first three stretches of 18" line which were to be reconditioned. Following this the 18" pipe was lifted out and placed on supports. A preliminary machine cleaning was given to the whole outside of the pipe. Then the longitudinal seams were sandblasted and ground and any necessary repairs made. Following this the pipe was primed and coated and wrapped with coal tar enamel reinforced with glass fiber and covered with asbestos felt wrapper. After the first three stretches of line were coated and wrapped, replaced in the ground and backfilled, they were reconnected in the 18" line and three more sections of about 7 to 8 miles each were similarly bypassed with the 12" line. The last stretch is now being reconditioned.

While Oklahoma Pipe Line Constructors brought a certain number of their supervisors and other key men with them, they employed some additional local men to assist with the job, which is expected to last until sometime in August. The contractor has established field headquarters in the Bethel area.

Because of the pipe line reconditioning work, capacity of the pipe line system has been reduced to about 130,000 barrels per day since May 15th and until the section now being reconditioned is completed.

180 YEARS AGO TODAY INDIANS RAIDED BETHEL

Thirty years ago today, the people of Bethel and nearby towns paused to celebrate the 160th anniversary of the last Indian raid. Although the overcast skies threatened all day, the rain waited until six o'clock in the afternoon. The day's events were complete, including a big parade, baseball game, dancing, the fiddling of Melville Dunham, and meals served at the Congregational Church and in a tent on the Common. The pageant depicting the last Indian raid was by a local cast before an audience estimated at 5,000.

A special edition of the Citizen told the story of the Bethel of 1931, with a hundred illustrations and stories of some 90 businesses of this vicinity.

The event commemorated the attack by five Indians, led by Tomhegan, Nathaniel Segar, Lt. Jonathan Clark, and Capt. Eliezer Twitcheell were taken to the Clark home where they were bound while the house was ransacked. Captain Clark escaped at that time and, it is said, hid during the night in the present location of Kimball Park. Benjamin Clark was added to the captives and all were loaded with the plunder and started on the long tramp to Canada. On the way up the Androscoggin, in the vicinity of Shelburne, a negro was captured and Lt. Clark was allowed to return to Bethel.

FIRST CLEANING of the 18 inch pipe after it is lifted. This is followed by a similar machine which also cleans and gives a black coating. The pipe is later sandblasted and "x-rayed" before the final wrapping operations.

The Week in Oxford County

An estimated 2,300 were fed during Saturday afternoon and evening at the South Paris Beanhole Supper.

The Paris Hardware Store on High St., operated by Mr. and Mrs. Herman Phillips, has been sold to Albert T. Dignan of Norway. The business was once run by S. Richardson, later by Ralph Butts who sold to the Phillips in 1938.

Rev. Ernest Ruark, who has served the Mexico Baptist Church for six years, will leave in September. Rev. Ruark will accept the pastorate of the Church.

press Street Baptist Church, St. Paul, in St. Paul Minn. Plans are being discussed for the building of a community house at Roxbury Pond.

Miss Doris Thurlow's home out of South Paris on Buckfield road was damaged by fire and water Tuesday morning. Fire Chief Lawrence Cushman reported the blaze was caused by sun rays through a gallon jug of water on the porch. A hole was burned through the side of the house and flames went up the walls and into the attic.

MOLLYCKETT DAY SUCCESS

nel" and "Tango" led the parade. They were followed by "surry with the fringe on top," driven by "Big Chief" Dr. John Young and transporting lovely Elizabeth Jackson, "Miss Mollyckett of 1961."

In order of their appearance the parade consisted of Miss Eileen Saunders riding "Apache"; Miss Maine of 1961, Bethel's own Dawne Christie, Bud Paine, driving; Units of the 619th Transportation Co., U. S. Army Reserve, 1st Sgt. Roderick McMillin in charge; The Bethel Marching Band, James Owen, director. There were ten fine floats, bikes, carriages and walkers and the trophies went to the following winners: Children's Division: best bike, Sam Eames; best carriage, Gloria Crockett; best in walkers, Nancy Bean and Barbara Bane, Mike Myers and Debby Cummings; unusual, Lee Blake and Judy Angevine. First place for floats went to Alvin and Dale Stevens for their Covered Wagon; second, Susan Farrar Dance Studio with Snow White and the Seven Dwarfs. Third place went to Bethel Jaycees with Miss Oxford County and her two attendants.

Judges were Mrs. John O. Anderson, Bronxville, N. Y.; Kemp Cathcart, Baltimore, Md., and John A. Swearingen, Hartford, Conn., all guests of the Bethel Inn Awards were made in front of the Bethel Inn and ceremonies were very capably conducted by M. C. Dana Douglas, Maine's own brand of pulchritude was prevalent as Miss Christie greeted the Bethel Jaycees sponsored Miss Oxford County of 1961 in the person of Miss Elaine Bryant and then proceeded to crown pretty "Liz" Jackson "Miss Mollyckett."

The Pet Show, organized by Mrs. Elizabeth Schein of the N. T. L. was well attended with beautiful ribbons being awarded the winners, judged by Mrs. John A. Swearingen, Hartford, Conn., and John Anderson, Bronxville, N. Y., guests of Bethel Inn. Winners in the several categories are as follows: Best Cat: four kittens, the Orth Children; 2nd, three kittens, Elizabeth Schein. Best Dogs: 1st, Loretta Meserice; 2nd, Brenda Lyon. Best other animal: 1st, Sally Rice, rabbit, Penny; 2nd, the Bennett Children's rabbit, Thumper. Most unusual: 1st, Tim Hutchins, hamsters and 2nd, Alice Hammond, Jingles. Best trick: 1st, Michael Bryant, Fritz; 2nd, Susan Bryant, Songo Sammy.

A new attraction this year was a fishing derby and a large crowd thoroughly enjoyed watching 54 youngsters try their hand at luring the trout from the pool. Through the concerted efforts of the Mt. Abram Fish & Game Association and Warden Alanson Noble, approximately 80 trout were delivered on Friday night by the State Fish and Game Department. Apparently too well fed they failed to cooperate very well with the pink-sized Isaak Waltons who were timed in relays for money prizes donated by Rudy Belanger and proceeds from the derby. A few had success and prizes for the first and largest went to "Mike" Myers and Roberta Croteau. We are happy to re-

port that Stan Fox was not seen at the pool at any time, and Mickey Noble had to return the warrant which had been prepared in advance.

The excellent baked bean supper was interrupted by the fire station. There was a fine crowd and they good-naturedly went along with the temporary arrangements and nearly "licked the platter clean."

Following the supper the beano game, previously held on the Common, also transferred to the Fire Station and the evening prayed to be a successful one in spite of the inclement weather.

Another new feature was a dance, held in the Community Room by the Bethel Teen Council, sponsored by the Bethel Jaycees. This event was highly successful and a large crowd remained for the duration of the evening, the young people dancing and many of the Moms and Dads getting a first hand view of the effects of T. V.'s American Bandstand.

As the treasurer's report indicated, all of the booths sponsored by the various organizations were popular with everyone and all are heartily commended for their contributions. A list of the organizations taking active participation is indicative of the splendid co-operation realized in making this annual event a success and they are as follows:

Alder River Grange; Bethel Health and Service Council; Bethel Lodge No. 97, F. & A. M.; Bethel Teen Council, sponsored by the Jaycees; Evening Extension; Five Town Teachers Club; Hospital Auxiliary; Jackson-Silver Post No. 68, American Legion and American Auxiliary, Locke Mills; Locke Mills Explorer Scouts; Men's Brotherhood; Methodist Guild; Methodist Youth Fellowship; Mundt-Allen Post No. 81, American Legion and American Legion Auxiliary of Bethel; National Training Laboratories; Newry Ladies Aid; Parent Teachers Association; Women's Fellowship, and W. S. C. S.

At the risk of omitting someone who helped with exceptional contributions, the following individuals should receive public recognition for their much needed help and their donations of time, equipment, hard work and just plain Yankee "know-how". The Bethel Citizen, Roy Barker, Harold Bean, Norma Jodrey, Blake MacKay, and Roderick McMillin. Without the contributions of these individuals, the success of this operation would have been most difficult, if not impossible. In generalizing, we would like to take this opportunity to thank, most sincerely, the many people who were always ready to lend a cheerful hand when asked and to commend the public spirited manner in which every organization and individual participated.
